

RED STAR
WUHAN RED STAR AGRO-LIVESTOCK MACHINERY CO., LTD.
www.china-redstar.com

Wuhan Red Star Agro-Livestock Machinery Co., Ltd., founded in 1990, has become a group corporation after 23 years. We provide complete pig and cow farm sets and the technical services. We are also distributing European and US high quality products.

Our products have been distributed to 23 provinces in China. A large number of our products have been exported to USA, Australia, Asia, Germany, Denmark, Spain, Switzerland, Britain and some other nations and areas. The total number of the countries and regions is up to 40.

We, the earliest company starting manufacturing ear tags for pigs, cows and sheep in China, have already registered the brand name of Red Star. We adopt the advantages of the livestock equipment from companies nationally and internationally, continuously introduce and develop new products to further improve the quality and set competitive prices as well. We are confident that with our high quality and reasonable prices we are the very reliable supplier that you can rely on. And we are sourcing and will source better materials for our clients.

AI Equipments

RS-101 Foam Catheter For Gilt With Handle

Description

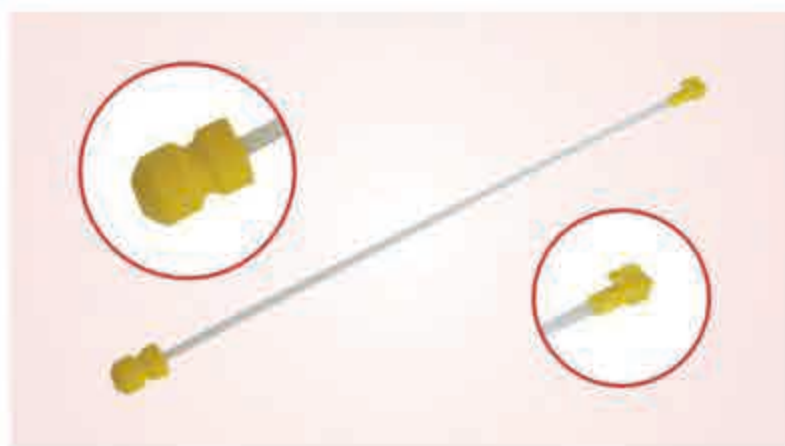

- For pig artificial insemination use.
- Foam tip, injuries excluded, flexible. With handle.
- Customized length, color and foam tip shape are available.
- Individual packed. 500pcs per carton.

RS-102 Foam Catheter For Gilt Without Handle

Description

- For pig artificial insemination use.
- Foam tip, injuries excluded, flexible. Without handle.
- Customized length, color and foam tip shape are available.
- Individual packed. 500pcs per carton.

RS-103 Foam Catheter For Sow With Handle

Description

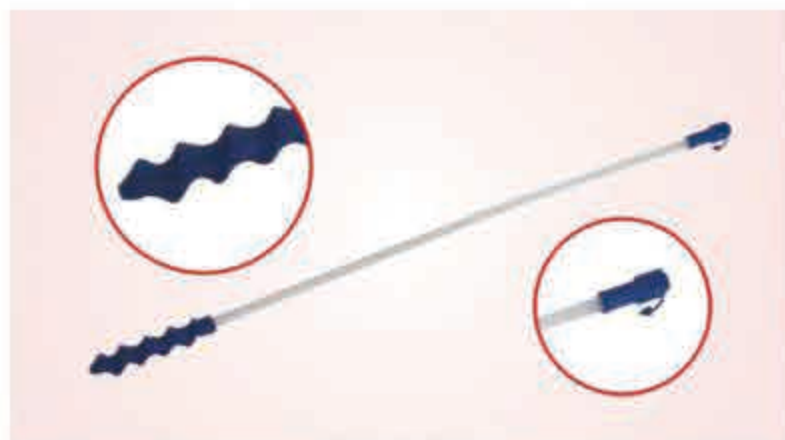

- For pig artificial insemination use.
- Foam tip, injuries excluded, flexible. With handle.
- Customized length, color and foam tip shape are available.
- Individual packed. 500pcs per carton.

RS-104 Foam Catheter For Sow Without Handle

Description

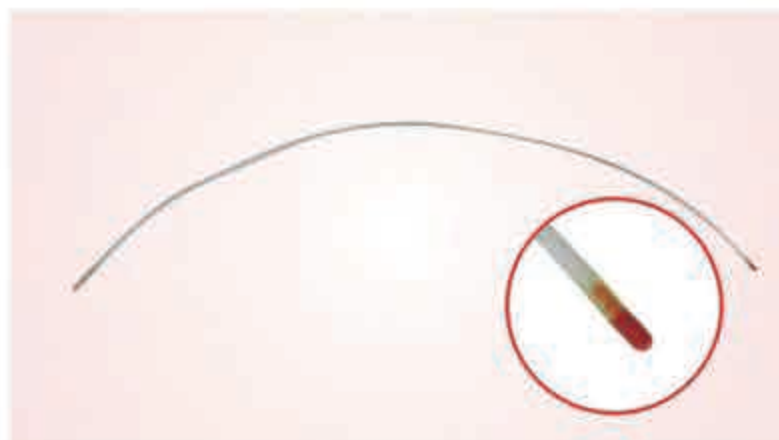

- For pig artificial insemination use.
- Foam tip, injuries excluded, flexible. Without handle.
- Customized length, color and foam tip shape are available.
- Individual packed. 500pcs per carton.

RS-105 Spiral Catheter For Sow With Handle

Description

- For pig artificial insemination use.
- Spiral plastic tip, injuries excluded, flexible. With handle.
- Customized length and color are available.
- Individual packed. 500pcs per carton.

RS-106 Deep Uterine Catheter

Description

- Intra-uterine insemination catheter.
- Supporting the use of the foam tip and spiral catheter.
- To prevent semen reflux.

RS-107 Semen Bag

Description

- Material PP.
- Capacity 100ml.
- Moisture proof and with holes to die cut.
- Packed in roll.

RS-108 Semen Tube

Description

- Material PE.
- Capacity 80ml.
- Suitable for all kinds of catheter and insemination techniques.
- Different colors are available.

RS-109 Semen Bottle

Description

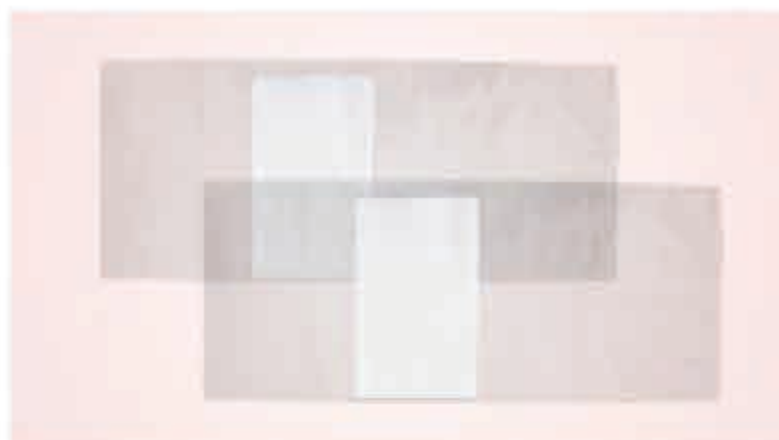

- Material PE.
- Transparent bottle with colorful cap. Common colors are blue, green and red.
- Easy to screw on and features a twist-off top.
- Packed with single color or assorted colors.

RS1091 40ml semen bottle

RS1092 60ml semen bottle

RS1093 80ml semen bottle

Rs1094 100ml semen bottle

RS-110 Semen Bag With Filterpaper

Description

- Material PP.
- Capacity 2L.
- Easy to tear when collecting semen.

RS-111 Vinyl Examination Gloves

Description

- For all-round examination purposes.
- Non-sterile, non-spermicidal. Ambidextrous. Rolled cuff.
- Powdered or powder free.
- Transparent or blue.
- Size: S, M, L, XL.
- 100pcs per inner box.

RS-112 Latex Gloves

Description

- High quality and smooth. Elastic and with high sensitivity.
- Non-sterile, non-spermicidal. Ambidextrous. Rolled cuff.
- Powdered or powder free.
- Milky white.
- Excellent flexibility and strength prevent infections by chemicals.
- Tear and abrasion resistant. Size: S, M, L.
- 100pcs per inner box.

RS-113 Nitrile Gloves

Description

- Non-spermicidal. Strong and durable glove.
- Powder and latex free.
- Provides an excellent protection against the most common drugs and chemical used in animal production.
- Different color are available.
- Size: S, M, L.
- 100pcs per inner box.

RS-114 Disposable Examination Long Arm Gloves

Description

- 100% polyethylene
- Smooth, extremely strong and with ultra high sensitivity.
- For rectal exams, artificial insemination and obstetrics.
- 100pcs per inner box.

RS-115 Soft Examination Gloves

Description

- Made from polyethylene.
- With neck strap. 50pcs/pack.
- An excellent glove at a reasonable price.
- 90cm long (from finger tip to neck opening).

RS-116 Semen Filter Paper

Description

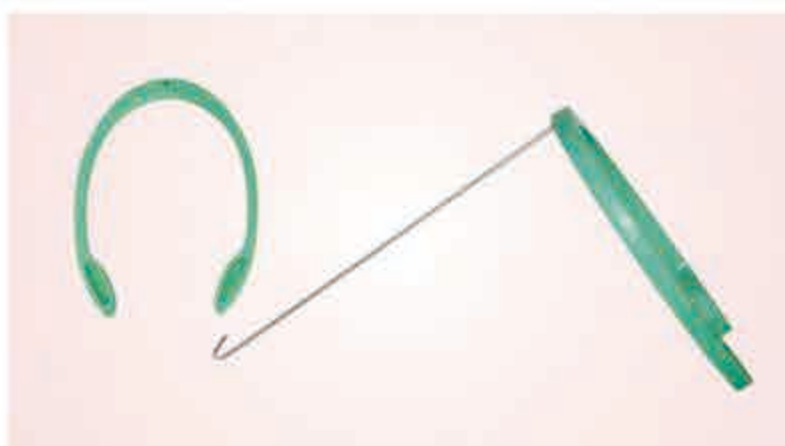

- 100% cotton material.
- Filtering paper function: filter boar.
- Make sure the semen pure and clean.
- Non-spermicidal, fast flow and excellent gel retention.

RS-117 Disposable Plastic Boots

Description

- Clear plastic disposable over the shoe boots made to be worn once to avoid contamination between facilities.
- Easy to slip on and off.
- Come with elastic top.
- Heavy-duty. Non-serile.

RS-118 AI Clamp

Description

- Size in 390mm × 270mm × 25mm.
- Stabilize the Semen bottle and catheter.
- No semen reflux. Increase the pregnancy rate.

RS-119 Disposable Protective Clothing

Description

- Material non-woven or PE.
- Attached hood and boot, elastic cuffs and ankles.
- Size: M, L, XL, XXL, XXXL.
- Color white and blue.
- Individual packaging. 50 pcs per carton.

RS-120 Semen Storage Fridge 50L.

Description

- Integrated heating and cooling system.
- Powder AC220V.
- Volume 20L.
- Size 430mm × 480mm × 510mm.
- Temperature control 2-19 degree.

RS-121 100L Size 480mm x 490mm x 840mm.

Nipple Drinkers

RS-201 1/2" Stainless Steel Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 8mm pin. Weight 84g. Length 70mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-202 1/2" Stainless Steel Piglet Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 5mm pin. Weight 61g. Length 65mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-203 1/2" Stainless Steel Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 8mm pin. Weight 87g. Length 70mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-204 1/2" Stainless Steel Piglet Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 5mm pin. Weight 65g. Length 65mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-205 1/2" Stainless Steel Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 5mm pin. Weight 65g. Length 65mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-206 1/2" Stainless Steel Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 8mm pin. Weight 91g. Length 75mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-207 1/2" Stainless Steel Piglet Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 5mm pin. Weight 61g. Length 65mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-208 1/2" Stainless Steel Piglet Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 5mm pin. Weight 50g. Length 55mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-209 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body. Bottom is brass for another option.
- Diameter 12mm pin. Weight 81g. Length 70mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-210 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 17mm pin. Weight 89g. Length 55mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-211 1/2" Female Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body. Body is brass for another option.
- Diameter 8mm pin. Weight 83g. Length 75mm.
- With special plastic filter.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-212 Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body. Brass bottom.
- Weight 65g. Length 65mm.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-213 1/2" Ball Stainless Steel Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Weight 118g. Length 70mm.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-214 1/2" Female Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Diameter 8mm pin. Weight 109g. Length 80mm.
- With special plastic filter.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-215 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- With Diameter 12mm pin.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-216 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Brass bottom.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-217 Stainless Steel Antifreeze Valve

Description

- Complete Stainless Steel body. Brass is for choice.
- Cut by CNC machine.
- NBR 90 O-ring is permanent and protect leaking.

RS-218 1/2" Ball Nipple Drinker

Description

- Material stainless steel.
- Cleanness and sanitation water conservation.
- With ball bite.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-219 1/2" Ball Nipple Drinker

Description

- Material stainless steel.
- Cleanness and sanitation water conservation.
- With ball bite.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-220 Ball Type Nipple Drinker

Description

- G-3/4" thread (European pipe thread) or NPT-3/4" (American pipe thread) is favorable.
- Brass bottom and stainless steel pipe is connected by the thread and thread glue.
- With ball bite.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-221 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Material : Stainless Steel Diameter 9mm pin. Weight:94 g. Length 73 mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-222 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Material : Stainless Steel Diameter 8 mm pin. Weight :94.3g. length 71 mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-223 1/2" Nipple Drinker

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Material : Stainless Steel Diameter 8 mm pin. Weight:139.4 g. length 92mm.
- Adjustable plastic filter with stainless steel netting.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-224 3/4" Nipple Drinker

Description

- G-3/4" thread (European pipe thread) or NPT-3/4" (American pipe thread) is favorable.
- Stainless steel bottom and pipe is connected by the thread and thread glue.
- Diameter 8 mm pin. Weight: 164.8 g. Length 90 mm.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

RS-225 3/4" Nipple Drinker

Description

- G-3/4" thread (European pipe thread) or NPT-3/4" (American pipe thread) is favorable.
- Stainless steel bottom and pipe is connected by the thread and thread glue.
- Diameter 8 mm pin. Weight: 71.8 g. Length 67 mm.
- NBR 90 O-ring is permanent and protect leaking.
- Laser printing logo is available.

Drinking Bowls And Feeders

RS-301 Stainless Steel Feeding Pan

Description

- Feeding pan for the piglet.
- Material stainless steel 304.
- Push and turn bottom for any slotted flooring.
- Can be used for drink or feed.

RS-3011 Diameter 23cm × 12cm

RS-3012 Diameter 30cm × 4cm

RS-302 Plastic Feeding Pan

Description

- Feeding pan for the piglet.
- Material plastic.
- Push and turn bottom for any slotted flooring.
- Can be used for drink or feed.

RS-3021 Diameter 25.2cm.

RS-3022 Diameter 32cm.

RS-303 Plastic Trough

Description

- Material plastic and stainless steel edging.
- Stable. Anti-corrosion.
- Light weight, long life.
- Size 45cm X 36cm X 21cm.

RS-304 Sow Trough

Description

- Made of stainless steel.
- Place in Farrowing crate.
- Long life, anti-corrosion.
- Size 40cm X 35cm X 35cm.

RS-305 Sow Trough

Description

- Made of stainless steel.
- Place in Farrowing crate.
- Long life, anti-corrosion.
- Size 55cm X 45cm X 35cm.

RS-306 Stainless Steel Drinking Bowl

Description

- Material stainless steel 304.
- Stainless steel pipe with 1/2" connection.
- No water waste.

RS-3061 Small size 15×21×9cm

RS-3062 Medium size 19×27×11cm

RS-3063 Large size 21×29×16cm

RS-307 Round Type Stainless Steel Drinking Bowl

Description

- Material stainless steel 304.
- Stainless steel pip with 1/2" connection.
- G 1/2" thread(European thread), NPT 1/2" thread (American thread) is available.
- Smooth edge protect animal cutting.

RS-3071 Small size D12.5×14cm

RS-3072 Medium size D15×27cm

RS-3073 Large size D17.5×20cm

RS-3074 Extra size D21.5×24cm

RS-308 Small Drinking Bowl

Description

- Material plastic.
- Equipped with 1/2" brass nipple and valve system.
- The nose paddle is easily activated by small animals.
- Ideal for sheep, goats, calves and dogs.

RS-309 Bowl Waterer

Description

- Working for animal drinking .
- When the animal' s mouth Touch the aluminum tongue , the water is coming .
- Keeps water clean for a long time to prevent disease Material Aluminum.
- Dimension :33×17×24cm weight :1.8kg/pieces

RS-310 Stainless Steel Float Water Bowl

Description

- With hinged lid easy for maintenance.
- A feature of this bowl is the sloping to the front bottom.
- Any debris forward for easy cleaning.
- Nylon float systems assembly. No drain incorporated.
- Demensions 26cm x 26cm x 11cm. Capacity 2.5L.

RS-311 Plastic Drinking Bowl With Buoyage

Description

- With hinged lid easy for maintenance.
- Regulate the water flow trough the float ball adjuster for the correct level.
- Material PP+ nylon
- Dimension: 28x27x14cm ,package 10 pieces in 1 carton

RS-312 Cast Iron Drinking Bowl

Description

- Material cast iron.
- Smooth finishing, round edge. Enameled coating.
- Flip paddle safety and suitable for animal.
- Capacity 2L.
- Individual packaging, each piece with one inner box.

RS-313 Cast Iron Drinking Bowl

Description

- Provide safe and comfortable environment for the animals drinking.
- Made of heavy cast iron , brass reinforced valve parts and Stainless steel nose paddle.
- Smooth finishing, round edge. Enameled coating.
- Dimension :26.5 x 20.5 x 17 cm ,weight :3.5 kg/pieces .
- Individual packaging, each piece with one inner box.

RS-314 Cast Iron Drinking Bowl

Description

- Provide safe and comfortable environment for the animals drinking.
- Made of heavy cast iron , brass reinforced valve parts and Stainless steel nose paddle.
- Smooth finishing, round edge. Enameled coating.
- Dimension :26.5 x 20.5 x 17 cm ,weight :3.5 kg/pieces .
- Individual packaging, each piece with one inner box.

Electric Fences

RS-401 Ring-Shaped Insulator

Description

- Insulator moulded on hook for wire,cable with wood screw thread.
- Made from UV resistant, polyethylene plastic for strength and long life.
- Self-screw with zinc plated, easy for entry.
- Thread diameter X long: $\varnothing 36 \times 86\text{mm}$, Screw:5.3mm.
- Weight :21.2 g . Packing 500 pic/ctn.
- Color : black ,yellow,orange.

RS-402 Quality Ring Insulator

Description

- For attaching rope products to wood posts and trees.
- High quality plastic and metric thread M6.
- Large leakage rings , Shaft Diameter 6mm.
- Thread diameter X long : $\varnothing 35 \times 90\text{mm}$,Screw:5.2mm.
- Weight:20.9g , packing 500pcs/ctn.

RS-403 Gate Handle Insulator

Description

- Fully insulated electric fence spring gate handle.
- Material :Stainless Steel + plastic.
- Thread diameter X long : $\varnothing 91 \times 86\text{mm}$.
- Screw:5.9mm Style: 2 eyelets .
- Weight :53.3g, 250 pieces in 1 carton.

RS-404 Wood Screw Insulator

Description

- For attaching rope products to wood posts and trees.
- High quality plastic and metric thread M6.
- Large leakage rings, insulator with metal.
- Thread diameter X long : $\varnothing 88 \times 46\text{mm}$, Screw:5.6mm.
- Weight:21.9g , packing 500pcs/ctn

RS-405 Corner Insulator

Description

- Made from materials that do not conduct electricity, most commonly plastic or ceramic.
- Doughnut type with metric thread M8 .
- Redirection of poly wires at corners
- Weight:20.9g , packing 500pcs/ctn

RS-406 Ring-Shaped Insulator

Description

- For attaching rope products to wood posts and trees
- Made from UV resistant, polyethylene plastic for strength and long life.
- Thread diameter X long : $\varnothing 91 \times 110\text{mm}$, Screw:5.9MM
- Packing 500pieces in 1 carton

RS-407 Ring-Shaped Insulator

Description

- For attaching rope products to wood posts and trees
- Fastening with a metric Pin and high quality plastic
- Metric thread M6.
- Weight:34.8g , packing 300/500pcs/ctn

RS-408 Ring-Shaped Insulator

Description

- For attaching rope products to wood posts and trees
- Fastening with a metric Pin and high quality plastic
- Thread diameter X long : $\varnothing 66 \times 40\text{mm}$,
- Weight:17.2g , packing 300/500pcs/ctn

RS-409 Gate Handle

Description

- Working with high tensile wire polywire or a replacement handle for patriot spring gate in permanent and temporary fence.
- Hight insulating handle and extended spring unbreakable shell.
- Thread diameter X long : $\varnothing 58 \times 220\text{mm}$.
- Weight :127g ,100 packing 100pcs/ctn.

RS-410 Gate Handle

Description

- Working with high tensile wire polywire or a replacement handle for patriot spring gate in permanent and temporary fence.
- Hight insulating handle and extended spring unbreakable shell.
- Thread diameter X long : $\varnothing 58 \times 220\text{mm}$.
- Weight: 130g , packing 100pcs/ctn.

RS-411 Gate Handle

Description

- Working with high tensile wire polywire or a replacement handle for patriot spring gate in permanent and temporary fence.
- Hight insulating handle and extended spring unbreakable shell.
- Thread diameter X long : $\varnothing 58 \times 220\text{mm}$.
- Weight :129g ,100 packing 500pcs/ctn.

RS-412 Gate Handle

Description

- Working with high tensile wire polywire or a replacement handle for patriot spring gate in permanent and temporary fence.
- Hight insulating handle and extended spring unbreakable shell.
- Thread diameter X long : $\varnothing 58 \times 280\text{mm}$.
- Weight :231.4g ,100 packing 100pcs/ctn.

RS-413 Gate Handle

Description

- Working with high tensile wire polywire or a replacement handle for patriot spring gate in permanent and temporary fence.
- Hight insulating handle and extended spring unbreakable shell.
- Thread diameter X long : $\varnothing 58 \times 220\text{mm}$.
- Weight :142.5g ,100 packing 100pcs/ctn.

RS-414 Offset Ring Shaped Insulator

Description

- Prevents the possibility of the conductor escaping from the insulator.
- It's made of nylon with UV additive.
- With long shaft 20.2 cm, length of shaft 20.2 cm for tapes up to 20 cm and rope.
- Thread diameter X long : $\varnothing 40 \times 260\text{mm}$ Weight :57.6g , packing 300pcs/ctn.

RS-415 Ring Insulator

Description

- Prevents the possibility of the conductor escaping from the insulator
- It's made of nylon with UV additive.
- Shaft Diameter:8mm .With long shaft 22 cm, length of shaft 22cm for poly wires.
- Thread diameterX long : $\varnothing 36 \times 235 \times 66\text{mm}$ Weight :64.1g , packing 300pcs/ctn.

RS-416 Offset Ring Shaped Insulator

Description

- Prevents the possibility of the conductor escaping from the insulator.
- It's made of nylon with UV additive.
- With long shaft 22cm, length of shaft 22cm for tapes up to 20 cm and rope.
- Thread diameter X long : $\varnothing 36 \times 270\text{mm}$.
- Weight :51.2g , packing 500pcs/ctn.

RS-417 Gate Handle

Description

- Ideal for temporary Electric fencing.
- Hight insulating handle and extended spring unbreakable shell.
- Handle with 5m spring .
- Thread diameter X long : $\varnothing 68 \times 755\text{mm}$.
- Weight :.430g ,packing 40 pcs/ctn.

RS-418 Galvanized Spring

Description

- High quality parts of the Electric Fences.
- Length :5mm.
- Thread diameter X long : $\varnothing 49 \times 318\text{mm}$.
- Weight :.449g ,packing 40 pcs/ct.

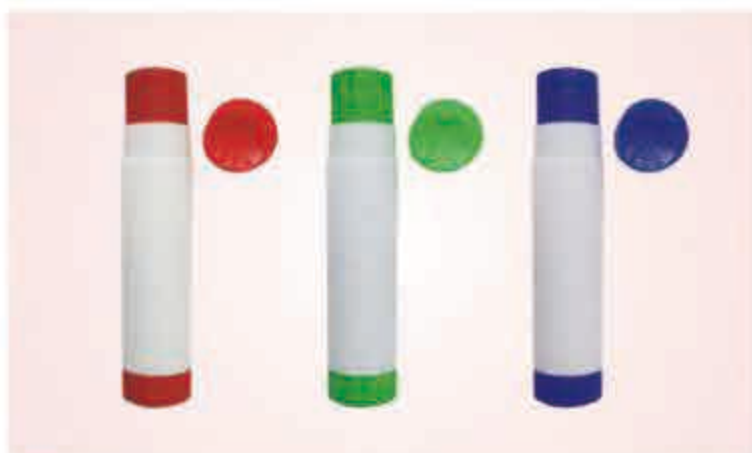

Identifications

RS-501 Animal Marking Twist Stick Small

Description

- Designed for easy and efficient animal marking. With twist cap.
- Highly visible, long lasting and weather and fade resistant.
- Will mark wet or dry animals.
- Non-toxic.
- Four common colors: Red, Blue, Green, Black. The other colors also available.
- Customized lable design.

RS-502 Animal Marking Twist Stick Big

Description

- Designed for easy and efficient animal marking.
- Highly visible, long lasting and weather and fade resistant.
- Will mark wet or dry animals.
- Non-toxic.
- Four common colors: Red, Blue, Green, Black. The other colors also available.
- Customized lable design.

RS-503 Livestock Marker

Description

- Highly visible, long lasting and weather and fade resistant.
- Will mark wet or dry animals.
- Non-toxic.
- Four common colors: Red, Blue, Green, Black. The other colors also available.
- Marker in sturdy push-up style dispenser.
- Customized lable design.

RS-504 Ram Crayon

Description

- Insert sheep marking crayon into ewe harness with the cotter pin located Under the label.
- Fasten harness to ram in order to indentify which ewes have been served.
- Use different colors on different rams.
- Designed for varying climates.
- Customized lable design.

RS-505 Marking Spray

Description

- Designed to make a long-lasting, highly visible mark on animal.
- Extremely fast drying, resists fading.
- Different colors are available.
- Customized label design.

RS-506 Ear Tag Applicator

Description

- The deep jaw of this applicator makes proper tag placement easier.
- Grip helps to ease hand fatigue.
- Comes with two black inserts to accommodate different styles of ear tags.

RS-507 Ear Notching Plier

Description

- Stainless steel.
- For quick, clean cut animal identification ear marking.
- Pocket size.
- V and U shapes are available.

RS-508 Electric Tail Cutter

Description

- Electric amputation of tail. Sterilization hemostatic.
- Prevent the infection.
- Easy to operate.

RS-509 Piglet Tooth Cutter

Description

- Made of hard alloy steel with spring sheet.
- Length of tooth cutter 14cm.
- Individual packaging.

RS-510 Tattoos

Description

- Three types.
 - Precision made of special aluminum alloy by skilled craftsmen.
 - Scratching or blurring the tattoo mark.
 - With two sets numbers 0-9 and one set digits.
- RS-5101 Small Tattoo Outfit
RS-5102 Stand Tattoo Outfit
RS-5103 Revolving Tattoo Outfit

RS-511 Plastic Ear Tag For Cow

Description

- Used for animal identification
- Material :PP
- Size :114×74mm
- Package : 100pieces /bag , 20 bags in 1 carton.
- Laser printing number / letters or blank is accepted.

RS-512 Plastic Ear Tag For Cow

Description

- Used for animal identification
- Material :PP
- Size :92×70mm
- Package : 100pieces /bag , 20 bags in 1 carton.
- Laser printing number / letters or blank is accepted.

RS-513 Plastic Ear Tag For Cattle

Description

- Used for animal identification
- Material :PP
- Size :78×58 mm
- Package : 100pieces /bag , 20 bags in 1 carton.
- Laser printing number / letters or blank is accepted.

RS-514 Plastic Ear Tag For Pig

Description

- Used for animal identification
- Material :PP
- Size :52×42mm
- Package : 100pieces /bag , 20 bags in 1 carton.
- Laser printing number / letters or blank is accepted.

RS-515 Plastic Ear Tag For Pig

Description

- Used for animal identification
- Material :PP
- Size :52×42mm
- Package : 100pieces /bag , 20 bags in 1 carton.
- Laser printing number / letters or blank is accepted.

Teats

RS-601 PU Feeding Nipple

Description

- Very soft high flexibility, working with calf suckle bottle for feeding supplement.
- Leading materials:PU
- Feeding nipples for animal
- Diameter :30mm High: 58mm

RS-602 Rubber Feeding Nipple

Description

- Very soft high flexibility, working with calf suckle bottle for feeding supplement.
- Leading materials:Nature rubber
- Feeding nipples for animal
- Usage for Sheep, cows, horses, pigs

| | | |
|---------|-----------------|-------------|
| RS-6021 | Diameter :35mm, | High: 50mm |
| RS-6022 | Diameter :25mm, | High: 70mm |
| RS-6023 | Diameter :50mm, | High: 90mm |
| RS-6024 | Diameter 50mm, | High: 102mm |
| RS-6025 | Diameter :35mm, | High: 100mm |

RS-603 Rubber Feeding Nipple

Description

- Very soft high flexibility, working with calf suckle bottle for feeding supplement.
- Leading materials:Nature rubber
- Usage for Calves
- Diameter:28mm , High:88mm

RS-604 Feeding Nipple

Description

- Very soft high flexibility, working with calf suckle bottle for feeding supplement.
 - Usage for Sheep.
- RS-6041 Diameter:12mm , High:67mm
 RS-6042 Diameter:25mm , High:135mm

RS-605 Prue Latex Nipple

Description

- Very soft high flexibility, working with calf suckle bottle for feeding supplement.
 - Leading materials: Latex.
 - Usage for Sheep.
- RS-6051 Diameter: 13mm , High: 60mm
 RS-6052 Diameter: 18mm , High: 70mm
 RS-6053 Diameter: 12mm , High:78mm

RS-606 Plastic Milk-Bottle/Pot

Description

- Suitable for calf in nursery.
- Made of nontoxic plastic material and natural rubber.
- Convenient feeding and easy clean.
- OEM available.
- Size : 2L

RS-607 Feeding milk bottle

Description

- The parts of animal husbandry apparatus.
- Dallas sucking milk bottle with nipple into 45-degree.
- It is good sucking milk by young sheep and calf.
- OEM available.
- Size : 2L .

RS-608 Teat Dip Cup

Description

- Disinfect the nipple of milking cows, pre-dipping and post-dipping of teats at milking time to reduce mastitis infections .
- Material: food grade plastic.
- Different color to meeting request.
- Sticker Logo is available.

Vet Syringes And Needles

RS-701 Veterinary Injection Needle

Description

- These needles are used for syringes instruments
- Material for needle: stainless steel.
- Surface treatment: finished by chromium /nickel plating
- Stamp mark on the Hubs and easy to identify the gauge size of the needles
- High of the HUBS: 11mm, 14mm, 18mm, 20mm

RS -707 Veterinary Continuous Injector

Description

- Suitable for the inoculation of livestock
- Material: Stainless-steel and Plastic
- Volume: 1ml(0.1-2ml)
2ml(0.2-2ml)
- Styles: Adjustable
- Robust and accurate design, easy to clean and maintain
- Fixed settings for ease and speed of use

RS -708 Veterinary Continuous Injector

Description

- Suitable for the inoculation of livestock.
- Material: Stainless-steel and Plastic.
- Volume: 2ml(0.2-2ml)
- Styles: Adjustable.
- Robust and accurate design, easy to clean and maintain.
- Fixed settings for ease and speed of use.

RS -709 Veterinary Continuous Injector

Description

- Suitable for the inoculation of livestock.
- Material: Stainless-steel and Plastic.
- Volume: 20ml(1-5ml)
30ml(1-5ml)
50ml(1-5ml)
- Styles: Adjustable.
- Robust and accurate design, easy to clean and maintain.
- Fixed settings for ease and speed of use.

RS -710 Veterinary Continuous Injector

Description

- Suitable for the inoculation of livestock
- Material: Stainless-steel and Plastic
- Volume: 5ml
- Styles: Adjustable
- Robust and accurate design, easy to clean and maintain.
- Fixed settings for ease and speed of use

RS -709 Veterinary Continuous Injector

Description

- Suitable for the inoculation of livestock.
- Material: Stainless-steel and Plastic.
- Volume: 2ml
- Styles: Adjustable.
- Robust and accurate design, easy to clean and maintain.
- Fixed settings for ease and speed of use.

Drenching Cannulas

RS-801 110 × Ø6mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Each piece with one special nut
- Surface :chrome plated

RS-802 100 × Ø5mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Surface :chrome plated

RS-803 170 × Ø5mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Surface :chrome plated

RS-804 100 × Ø5mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Surface :chrome plated

RS-805 100 × Ø4mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Surface :chrome plated

RS-806 100 × Ø3mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass Each piece with one special nut
- Surface :chrome plated

RS-807 95 × Ø4mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass Each piece with one special nut
- Surface : without any plating

RS-808 110 × Ø8mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass Each piece with one special nut
- Surface :chrome plated

RS-809 200 × Ø8mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Each piece with one special nut
- Surface :chrome plated

RS-810 170 × Ø15mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Each piece with one special nut
- Surface : without any plating

RS-811 180 × Ø6mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Each piece with one special nut
- Surface : without any plating

RS-812 100 × Ø6mm Drenching Cannula

Description

- Used for the animal treatment
- Material is Brass
- Each piece with one special nut
- Surface : without any plating

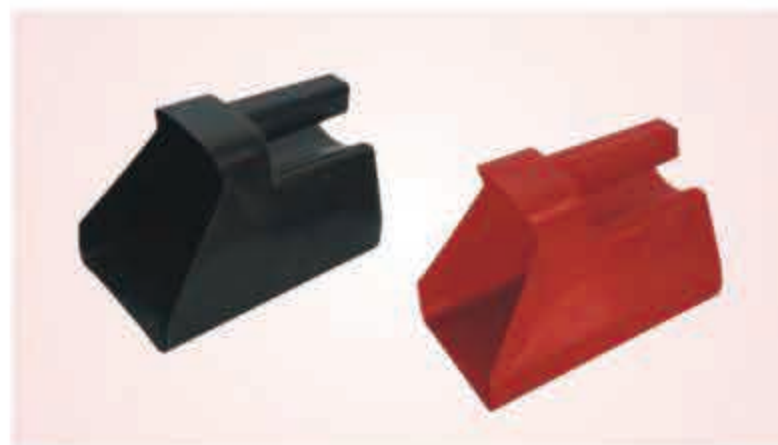

Horse Product

RS -901 Feeding Scoop

Description

- Provide a easy way to put the feed into the trough.
- Material :PP/PE
- Diameter:21cm
- Capacity:1.5 Qt (QT=0.95L)
- Color is optional , Customer' s color is available .

RS-902 Feeding Scoop

Description

- Provide a easy way to put the feed into the trough.
- Material :PP/PE
- Size:21.5 × 15.2 × 15.2cm
- Capacity: 2.5 Qt (QT=0.95L)
- Color is optional , Customer' s color is available .

RS-903 Feeding Scoop

Description

- Provide a easy way to put the feed into the trough.
- Material :PP/PE
- Size: 33×15×8.5cm
- Capacity: 1.5 Qt (QT=0.95L)
- Color is optional , Customer' s color is available .

RS-904 Aluminum Ice Scoop With Flat Bottom

Description

- Made of aluminum.
- Bottom is flat.
- Serve for ice and dry food.

RS-905 Aluminum Ice Scoop

Description

- Made of aluminum.
- Bottom is round.
- Serve for ice and dry food.

RS-906 Curry Comb

Description

- Used for Horse cleaning
- Material:pvc /rubber
- Size : 12×8.5cm (small)
14.5×12cm (large)
- Color is optional ,Customer' s color is available

RS-907 Curry Comb

Description

- Used to remove mud and loose dirt from horse coat
- Material:iron
- Size:6.5" × 4"
- OEM available

RS-908 Reversible Curry Comb

Description

- Used for horse cleaning
- Material: PP+Stainless iron
- S/S ring: 4/5/ 6 loops

RS-909

Description

- Steel Curry Comb
- Material: metal
- Size: 24 × 11.5cm
- Surface : Galvanized or coating

RS-910 Pitch Fork Head

Description

- Easy to use for cleaning your horse stalls or the trailers effortlessly
- Material: ABS
- Size: 40cm × 33cm
- Color is optional ,Customer' s color is available

RS-911 Pitch Fork Head

Description

- Easy to use for cleaning your horse stalls or the trailers effortlessly
- Material: ABS
- Size : 29.2cm × 33cm (small)
35cm × 29cm (medium)
39cm × 33cm (large)
- Color is optional ,Customer' s color is available.

RS-912 Pitch Fork Head With Handle

Description

- Easy to use for cleaning your horse stalls or the trailers effortlessly
- Material: ABS + Steel
- Handles size : 120cm
- Used for all size of our pitch fork head.

Pulley And Winch

RS-1001 3 1/2" Nylon Pulley

Description

- Steel cable pulley for up and down regulating system.
- The ideal steel and plastic pulley for both feeding and drinking system.
- Wear-resistant.
- Different colors are available.

RS-1002 3 1/2" Cast Iron Pulley

Description

- Easy to operate and maintain. Easy to be connected with other lifting tools.
- High-quality material and advanced technology.
- Wear-resistant.
- Different colors are available.

RS-1003 3 1/2" Cast Iron Pulley With Eye-Bolt

Description

- Includes 3/8" x 6" eye bolt with 2 nuts and 2 washers.
- Heavy-duty zinc plated strap and bolts.
- Use as master pulleys on curtain, feeder and drinker lines.
- Different colors are available.

RS-1004 3 1/2" Glass-Filled Nylon Pulley

Description

- Easily mounted, it uses an eye bolt or eye screw.
- Extremely wear-resistant.
- For winching automatic feeders and drinkers.
- Different colors are available.

RS-1005 1 7/8" Nylon Pulley

Description

- Heavy-duty zinc plated steel straps.
- Composite wheels will not corrode.
- Ideal for hanging feeders, curtains and other equipment in poultry and livestock buildings.
- Different colors are available.

RS-1006 1 1/2" Nylon Pulley With Splint

Description

- A smooth, quiet nylon pulley that has a swivel eye.
- Composite wheels will not corrode.
- Self-lubricating.
- For winching automatic feeders and drinkers.
- Different colors are available.

RS-1007 7/8" Nylon Sheave

Description

- Galvanize steel housing.
- For lighter loads.
- For winching curtains, drinkers and air inlets.
- Different colors are available.

RS-1008 3 1/2" Plastic Pulley With Bearing

Description

- Composite wheels will not corrode.
- Self-lubricating.
- For winching automatic feeders and drinkers.
- Different colors are available.

RS-1009 1 1/2" Nylon Swivel Pulley

Description

- Zinc plated steel housing.
- Composite wheels will not corrode.
- Self-lubricating.
- For winching automatic feeders and drinkers.
- Different colors are available.

RS-1010 Steel Pulley

Description

- Size 105mm
- Easy to operate and maintain. Easy to be connected with other lifting tools.
- High-quality material and advanced technology.
- Wear-resistant.
- Different colors are available.

RS-1011 2 1/2" Split Steel Pulley

Description

- Heavy-duty zinc plated steel straps.
- 3/8" mounting hole.
- Used with cable up to 3/16.
- Used for winching feeder lines, nests and other livestock Equipments.

RS-1012 1 1/2" Steel Pulley

Description

- Heavy-duty zinc plated steel straps.
- Used for winching feeder lines, nests and other livestock equipments.

RS-1013 2 1/2" Steel Pulley With Bracket

Description

- Heavy-duty 2.5mm zinc plated bracket.
- Self-lubricating roller bearing.
- Use with cable up to 3/16" .
- For through wall or end wall applications

RS-1014 3 1/2" Cast Iron Sheave

Description

- Heavy-duty 12 gauge zinc plated bracket.
- Deep groove.
- Grease zerk for easy lubrication.
- 3/8" mounting holes.
- For through wall or end wall applications.

RS-1015 3 1/2" Bracket Pulley

Description

- Heavy-duty 2.5mm zinc plated bracket.
- Self-lubricating roller bearing.
- Use with cable up to 3/16" .
- 3/8" mounting holes.
- For through wall or end wall applications.

RS-1016 2 1/2" Bracket Pulley

Description

- Heavy-duty 2.5mm zinc plated bracket.
- Self-lubricating roller bearing.
- Use with cable up to 3/16" .
- 3/8" mounting holes.
- For through wall or end wall applications.

RS-1017 Winch

Description

- Capacity: 1200Lbs.
- Gear ratio: 4.1 : 1.
- Hub Dia.: Ø 32mm.
- Size: 183mm × 270mm × 150mm.
- Net weight: 3.3kg.
- Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

RS-1018 Winch

Description

- Capacity: 1500Lbs.
- Gear ratio: 41 : 1.
- Hub Dia.: Ø 51mm.
- Size: 185mm × 150mm × 192mm.
- Net weight: 5kg. Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

RS-1019 Winch

Description

- Capacity: 1500Lbs.
- Gear ratio: 41 : 1.
- Hub Dia.: \varnothing 51mm.
- Size: 260mm \times 150mm \times 180mm.
- Net weight: 6.15kg.
- Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

RS-1020 Winch

Description

- Capacity: 2000Lbs.
- Gear ratio: 49 : 1.
- Hub Dia.: \varnothing 51mm.
- Size: 210mm \times 160mm \times 260mm.
- Net weight: 10.7kg.
- Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

RS-1021 Winch

Description

- Capacity: 3000Lbs.
- Gear ratio: 41 : 1.
- Hub Dia.: \varnothing 92mm.
- Size: 330mm \times 200mm \times 220mm.
- Net weight: 17kg.
- Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

RS-1022 Winch

Description

- Capacity: 3500Lbs.
- Gear ratio: 41 : 1.
- Hub Dia.: \varnothing 92mm.
- Size: 330mm \times 230mm \times 220mm.
- Net weight: 16kg.
- Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

RS-1023 Winch

Description

- Capacity: 3600Lbs.
- Gear ratio: 65 : 1.
- Hub Dia.: \varnothing 72mm.
- Size: 260mm \times 190mm \times 320mm.
- Net weight: 20kg.
- Cast worm with heat-treated gear make the mechanism unique reliable and durable smooth drive.
- Oil-retaining bushings or bearing for smooth drive.
- Durable surface finish. Power-coated surface plus zinc-plating for longer corrosion resistance.

Others

RS-1101 1/2" × 1/2" Stainless Steel Elbows

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Style :45° 60° ,75° ,90°

RS-1102 3/4" × 3/4" Stainless Steel Elbows

Description

- G-1/2" thread (European pipe thread) or NPT-1/2" (American pipe thread) is favorable.
- Complete Stainless Steel body.
- Style :45°

RS-1103 1/2" × 3/4" Stainless Steel Elbows

Description

- Use them for fixing the water pipe on the wall
- Made from Stainless steel material with injection machine
- Style :45°
- OEM is favorable

RS-1104 Infrared Lamps

Description

- Hard glass.
- Water proof and anti-explosion.
- With vitric screws to ensure not the bottom not loose.
- Quality guaranteed.
- Color clear and red.
- 100W 150W 175W

RS-1105 Infrared Lamps

Description

- Water proof and anti-explosion.
- With vitric screws to ensure not the bottom not loose.
- Quality guaranteed.
- Color clear and red.
- 150W 175W 250W

RS-1106 Infrared Lamps

Description

- Water proof and anti-explosion.
- With vitric screws to ensure not the bottom not loose.
- Quality guaranteed.
- Roasted red.
- Color clear and red.
- 150W 175W 250W

RS-1107 Ceramics Lamps

Description

- Material ceramics.
- With vitric screws to ensure not the bottom not loose.
- Quality guaranteed.
- Color white and black.
- 150W 175W 250W

RS-1108 Sorting panel

Description

- Designed to move animals with ease, it is light weight yet extremely durable.
- Rounded hand grips on the top and side make for easy handling.
- Choose from three different sizes or combine boards with our drop pin hinges

RS-11081 Small :46×76×3.15cm

RS-11082 Middle:94×76×3.15cm

RS-11083 Large:120×76×3.15cm

RS-1109 Sorting Paddle

Description

- Sorting paddle is quickly becoming a standard tool to aid in livestock handling
- With noise-making beads inside
- Light weight ,highly visible and noise
- Style : Short Handle
- Size:50.8×4.6×6.5cm

RS-1110 Sorting Paddle

Description

- Sorting paddle is quickly becoming a standard tool to aid in Livestock handling
- With noise-making beads inside
- Light weight ,highly visible and noise
- Style : Long Handle
- Size :105×35×3cm

RS-1111 Playing Ball

Description

- Diameter 20mm.

RS-1112 Toy For Animal.

Description

- Yellow star with chain.

RS-1113 Quick Connector

Description

- Ball valve. Outer thread 1/4" , diameter 1/4" .
- Ball valve. Outer thread 3/8" , diameter 3/8" .

RS-1114 Quick Connector

Description

- Outer screw thread 1/4" diameter 3/8"
- Outer screw thread 3/8" diameter 1/4"

RS-1115 Quick Connector

Description

- Outer screw thread 3/8" diameter 3/8"
- Outer screw thread 1/2" diameter 1/4"

RS-1116 Salt Shelf Holder.

Description

- Material PP.
- High quality and environmental polyethylene plastic for strength and long life.
- Used for cattle eating salt .
- Dimension :185 × 115 × 45mm
- Weight :121.6g ,package 100pieces/carton

RS-1117 Cow Magnet

Description

- Non-toxic and non-corrosive.
- Help to prevent hardware disease.

RS-1118 Stainless Steel Cow Magnet

Description

- Non-toxic and non-corrosive.
- Help to prevent hardware disease.
- Inner with strong magnet.
- Dia 1/2" x 3" length.

RS-1119 Spring Hanging Scale

Description

- Material: Aluminum body+Stainless steel hooks+metal
- Large numbers on aluminum dial for fast, easy reading
- Size: 25kg 50kg 100kg 150kg 200kg

RS-1120 Spring Weight Scale

Description

- Ideal weighing application: agriculture, hardware, fish, and general industrial needs
- Material: Metal body+PS mask+two hooks
- Dial material: clear steel dial with black lettering
- Size: 10kg 100kg 250kg

RS-1121 PVC Boots

Description

- Comfortable, durable and protective safety boots.
- One-time injection technique.
- Flat bottom. Acid proof.
- Different colors and sizes are available.

RS-1122 PVC Boots

Description

- Comfortable, durable and protective safety boots.
- One-time injection technique.
- Acid proof.
- Textured bottom for anti-skidding.
- Different colors and sizes are available.

RS-1123 PVC Boots

Description

- Comfortable, durable and protective safety boots.
- One-time injection technique.
- Acid proof.
- Textured bottom for anti-skidding.
- Different colors and sizes are available.

RS-1124 Shoe cleaner

Description

- Keep the mud and water off before going to the pig farm.
- Easy cleaning.
- Long life.

RS-1125 Oral Fluidfeeder

Description

- Easy to use single person application.
- Capacity 2 quart.
- Strong, flexible probe travels easily into esophagus and reduces Accidental trachea entry.
- Tube is on piece.
- Clean with warm, soapy water and allow to air dry.

RS-1126 Heating Plate

Description

- Material fiberglass.
- Voltage 220V. Power 110W.
- Specification: 1200mm × 400mm, 1200mm × 600mm

RS-1127 Calf Weaner

Description

- These anti-sucking devices impede calve' ability to suck.
- Virtually unbreakable, reusable plastic.
- Durable and easy to apply.

RS-1128 Semen Catheter For Insemination Gun

Description

- The inner plug is fixed to the front end of sheath and both melted together.
- The front end is smooth round and with a small hole.
- The sheath is packed by plastic membrane and makes the sheath with double protection when doing the insemination.

RS-1129 Semen Gun

Description

- Artificial breeding gun of cattle semen.
- Made by high quality stainless steel.
- It can be used in staw semen AI and there are Specifications of 0.25ml, 0.5ml and universal.
- Its special is to lock sheath by a wire lock and easy to lock and unlock sheath.

RS-1130 Heart-Shaped Sheep Shear

Description

- Made of high quality forged steel.
- Can also be used for cutting lawn edges and onions.
- Two sizes are available. Length 34cm and 29cm.

RS-1131 Hoof Knife Broad-bladed

Description

- Material stainless steel.
- Length of blades 80mm.
- RS-11311 Right hand
- RS-11312 Left hand
- RS-11313 Double cut

RS-1132 Bull leaders

Description

- With and without chain.
- For quick and easy action in all conditions.
- Pliers are ally steel, length 20cm. Chain length is 40cm.

RS-1133 Bull Rings

Description

- Made of stainless steel.
- Long lasting, totally proven in use.
- Thumbscrew-type locking pin, broken off when tight.
- Reveals cross-slot for screw driver.

RS-1134 Bloodless Castration Tools

Description

- High quality castration tools. For use only by experienced herdsmen or under the supervision of a veterinarian.
- Dimensions are length and jaw width.
- Supplied complete with service spanner.

RS-1135 Pig Holder

Description

- T shape handle.
- Made of Stainless steel pipe.
- Professional locker design, easy for operation.

RS-1136 Rubber Buckets

Description

- Works great for grain, salt, mineral and water.
- Color is black.
- Safe and soft rubber.
- Reinforced rim.
- A general purpose pan.

RS-1137 Flex Buckets

Description

- Flex buckets are designed to withstand the toughest conditions and for multipurpose uses in the home, barn, and jobsite.
- Customized color, shape and size are available.
